## Pharmacy Paging System

### Good Customer Care Brings Good Business

Protect your customers' privacy and turn their waiting experience into a pleasant one with a QuietCall pharmacy paging system. QuietCall silently notifies customers with a flash, beep or vibrate the instant their prescription is ready. You can call waiting customers back to the pharmacy for further consultation. No long lines, agitated customers or noisy overhead systems to worry about.

QuietCall also helps you increase sales. Lightweight, convenient pagers free customers to shop and spend more or walk around during the wait. With QuietCall, your staff will deliver more efficient and customer-friendly service than ever before. Your customers will appreciate a secured, quieter and more enjoyable experience.

QuietCall silently notifies customers when their prescription is ready, freeing customers to roam or shop while they wait.

#### QuietCall LTD™ AIO

Same functionality as QuietCall, but in a smaller footprint All-In-One (AIO) format. The base station, battery charger and pagers are combined into one piece of equipment that holds up to 15 pagers.

## QuietCall Highlights

- > **Customer-Friendly Paging**  
Fulfill orders faster, create a friendlier ambiance and increase sales.
- > **Smart Charging**  
Dramatically extends the life of pager batteries without overcharging them.
- > **Anti-Theft Feature**  
Minimizes pager loss with an out-of-range alert.
- > **HIPAA-Friendly Communication\***  
Protects customer privacy with silent, confidential paging.
- > **Most Reliable Pagers**  
Are made from high-quality parts for the best performance in the industry.
- > **Increased Advertising Opportunities**  
Allow you to deliver promotions or unique messages like sales and specials to waiting customers while they shop.
- > **User-Replaceable Rechargeable Batteries**  
Battery replacement is easy and convenient, keeping the cost of ownership down.
