Onsite Paging

Fast Casual Restaurant Paging System

Reduce Noise and Congestion, Increase Sales

Reduce the congestion at the counter and improve your guests' experience with GuestCall paging system. Give guests a pager while you complete their order so they can fill their drink, find a table, sit and relax. When their order is ready, page the guest to pick-up their food. No more mispronounced names, blaring overhead speaker systems or chaos at your counter.

GuestCall helps you be more profitable by reducing labor costs, eliminating the need for food runners, and increasing sales by providing a relaxing, inviting environment to bring friends and coworkers.

GuestCall allows guests to relax while waiting for their food.

GuestCall Highlights

- > **NEW Digital Coaster Pager***
Program pager numbers over the air in just seconds, freeing managers to manage the restaurant and not the paging system.
- > **Customer-Friendly Paging**
Remove congestion at the counter and allow guests to relax and visit while waiting for their order.
- > **Anti-Theft Feature**
Minimizes pager loss with an out-of-range alert.
- > **Most Reliable Pagers**
Are made from high-quality parts for the best performance in the industry.
- > **User-Replaceable Batteries**
Battery replacement is easy and convenient, keeping the cost of ownership down.
- > **Smart Charging**
Dramatically extends the life of pager batteries without overcharging them.
- > **Unique System ID**
Prevents neighboring paging systems from interfering with communication in your restaurant.
- > **Flexible Integration**
GuestCall integrates with table management software systems.
